

FIRMWARE UPDATED CONTENT AND FUNCTION DESCRIPTION

Forza 200	V1.00.11
------------------	-----------------

Version	Upgraded	Firmware Version	Date
V1.0	Add with "WIRELESS PROTOCOL V2.0" wireless control function	Forza200_V1.00.11	2021-05-15

New Function Description:

● Forza200_V1.00.11

1. Fixture added with “WIRELESS PROTOCOL V2.0” control function, users are able to realize functions below by wireless devices, such as 2.4G remote controller.
 - 1) Turn the fixture into EFFECT mode and select effect as required.
 - 2) Adjust the selected effect’s INT, CCT and HUE.
 - 3) Trigger for EXPLOSION/STORM function.
2. Menu added with selection “WIRELESS PROTOCOL”, V1.0 or V2.0 available.

Notes:

1. Users need to set “WIRELESS PROTOCOL” on Menu to V2.0.
2. Function above realized only by wireless devices (such as WS-RC-C2) supporting “WIRELESS PROTOCOL V2.0”.
